

Ziki – Zeitung im Kindergarten: 7th – 25th of November

The Heilbronner Stimme, Hohenloher Zeitung, Kraichgau Stimme is coming to your nursery school. Your child will get a free copy of the newspaper every day during the project. With Ziki your child will get to know a new medium. In nursery school the children talk about current news and learn more about the area they live in. Ziki supports your child in learning German and in its reading skills. Ziki is a very good preparation for school.

What will the children do during Ziki?

They will be creative with the newspaper – cut, stick or do crafts. They will search for specific letters and numbers and they will do motoric plays with it. The children will discover pictures of their neighbourhood, talk about them and riddle a lot.

This is Stimmchen, it is the projects mascot. It will visit the children in nursery school. Every day there will be a new story about Stimmchen in the newspaper.

How can you support your child?

You can discover the newspaper with your child. You can read the story about Stimmchen to her or him, or find interesting pictures you can talk about. Your child can also show you many things in the newspaper.

More information is provided on the websites www.ziki-stimme.de and www.stimme.de. You can also take a look at the brochure for parents.
