

The *Heilbronner Stimme*, *Hohenloher Zeitung*, *Kraichgau Stimme* is coming to your nursery school.

Your child will get a free copy of the newspaper every day during the project. With *Ziki* your child will get to know a new medium. In nursery school the children talk about current news and learn more about the area they live in. *Ziki* supports your child in learning German and in its reading skills. *Ziki* is a very good preparation for school.

DELIVERY OF THE
NEWSPAPERS:
02.-20.11.2026

What will the children do during Ziki?

They will be creative with the newspaper – cut, glue or do crafts. They will search for specific letters and numbers and they will do motoric plays with it. The children will discover pictures of their neighbourhood, talk about them and riddle a lot.

This is *Stimmchen*, it is the projects mascot. It will visit the children in nursery school. Every day there will be a new story about *Stimmchen* in the newspaper.

How can you support your child?

You can discover the newspaper with your child. You can read the story about *Stimmchen* to them, or find interesting pictures you can talk about. Your child can also show you many things in the newspaper.
